ACADEMY 8TH GRADERS SHINE AT BAND BASH

Rahway Public Schools

Rahway Academy's 8th-grade band members kept a time-honored tradition alive at the annual Band Bash event held recently Since 2003, this special Friday Night Lights event has served as a spotlight for the incoming high school musicians.

The students spent the evening playing alongside the High School Marching Band in the stands. They were then publicly recognized on the sidelines before getting a front-row seat to the High School Marching Band's award-winning Halftime show.

The event began with students arriving at the Madden Field stadium to sign in with Mrs. Van Wyk. They immediately jumped into a meet and greet with the Rahway High School (RHS) Marching Band students and staff, followed by a warm-up and rehearsal. Before the official kickoff, the 8th graders headed to the bleachers to watch the visiting Marching Band's performance, where they were encouraged to stand proud and be supportive.

Once the National Anthem was complete, the students played various pep tunes in the stands throughout the game. At Halftime, they got to stand proud and enjoy the RHS Marching Band's award-winning show. The 3rd quarter provided a welcome break for refreshments and musician hang-out time, thanks to the outstanding Band Boosters Association. The 8th graders returned to the stands in the 4th quarter to play more pep tunes until the game ended.

Mrs. Van Wyk enthusiastically shared that the "Band Bash is the highlight of the year. It gives our 8th graders a real taste of the energy and camaraderie of the high school program. It's a truly inspiring night for everyone!"

COUNTDOWN TO JULY 4TH, 2026

America250 - In New Jersey & Nationwide

Next year, on July 4, 2026, the United States of America will commemorate and celebrate the 250th anniversary of the signing of the Declaration of Independence. This historic milestone is an opportunity to pause and reflect on our country's past, to honor the contributions of all Americans, and to also look ahead towards the future that we want to create and leave behind for the next generation of Americans.

On the federal level, America250.org is a nonpartisan initiative working to engage every American in commemorating the 250th anniversary of our country. This multi-year effort, from now through July 4, 2026, is an opportunity to pause and reflect on our nation's past, honor the contributions of all Americans, and look ahead toward the future we want to create for the next generation and beyond.

In New Jersey, RevolutionNJ.org has been set up and is a partnership between the New Jersey Historical Commission (NJHC), a division of the New Jersey Department of State, and the nonprofit Crossroads of the American Revolution Association to plan the commemoration of the 250th anniversary of the American Revolution in New Jersey.

- Grating sensation when you move?

If you answered "yes" to any of these questions, there's good news: NORTHEAST SPINE AND SPORTS MEDICINE can offer the relief you need to save a life free of knee pain.

Why Do You Need It?

- You have knee pain that's so bad it interferes with everyday life.
- You have tried nonsurgical treatments for several weeks or months and your symptoms have not improved.

Benefits of Viscosupplementation

- No pain from the injection
- No recovery time
- Quick results
- No radiation

Ask us about Viscosupplementation

Viscosupplementation is a non-invasive, FDA-approved treatment proven effective for Osteoarthritis and other types of pain.

Viscosupplementation is a procedure n which a gel-like fluid called hyaluronic acid is injected into the knee joint. Hyaluronic acid is a naturally occurring substance found in joint fluid, acting as a lubricant to enable smooth bone movement and absorb shock when needed; Because people with osteoarthritis have a lower than normal concentration of hyaluronic acid in their joints, viscosupplementation is an excellent therapeutic option for these individuals.

Viscosupplementation is a high-tech answer for all those who think that surgery, dietary supplements, and prescription medication are the only options for eliminating knee pain. In fact, this new treatment enables most people to get back to enjoying everyday activities in a matter of weeks. Treatment is covered by most major health insurance plans, including Medicare.

ENROLLING IN MEDICARE AND UPDATING YOUR PLAN

By George Sosa, President, The Sosa Insurance Group

Turning 65 marks eligibility for Medicare, a federal health insurance program designed for seniors and certain individuals with disabilities. While the system can be complex, resources are available to help beneficiaries navigate enrollment, updates, and plan changes to ensure their coverage continues to meet their needs.

Original Medicare consists of Part A (hospital insurance) and Part B (medical insurance). Part A covers hospital stays, skilled nursing facilities, home health, and hospice care. Part B focuses on outpatient care, doctor visits, preventive screenings, and therapies. While comprehensive, Original Medicare leaves gaps in coverage, which can be supplemented through Medigap policies. These help with deductibles, co-pays, and sometimes foreign travel coverage, offering flexibility and predictability.

Medicare Advantage (Part C), offered by private insurers, combines Parts A and B and often includes additional benefits like vision, dental, hearing, fitness programs, and lower premiums. These plans have out-of-pocket maximums, but often require use of in-network providers.

Prescription drug coverage (Part D) is also offered through private plans. Each plan has a formulary outlining covered medications, cost-sharing structures, and potential coverage gaps, though assistance programs like "Extra Help" exist for those with limited income. New Jersey also provides state assistance through PAAD and Senior Gold to help seniors manage prescription drug costs.

For higher-income beneficiaries, Medicare applies IRMAA (Income-Related Monthly Adjustment Amount), which adds extra costs to Part B and D premiums based on IRS tax information.

Enrollment timing is crucial. While some may delay enrollment due to employer coverage, late enrollment penalties apply if coverage lapses without creditable insurance.

Every year, Medicare beneficiaries have an opportunity to review and adjust their coverage. The Annual Enrollment Period (October 15 – December 7) allows switching between Original Medicare and Advantage plans, adding or changing drug plans, or returning to Original Medicare. Any changes take effect January 1. Additionally, the Medicare Advantage Open Enrollment (January 1 – March 31) allows those in Advantage plans to switch or return to Original Medicare.

When evaluating options, beneficiaries should consider cost, provider networks, additional benefits, drug coverage, and changes in their health or medications.

Understanding Medicare is the first step to making the best decisions for your health and budget. If you'd like help comparing plans or reviewing your coverage for 2026, The Sosa Insurance Group is here to guide you every step of the way. Contact us at 973-902-5445 to schedule a one-on-one review about your Medicare choices.

TWO CONCERTS: HOLIDAY TENORS & BROADWAY THROUGH THE AGES

New Jersey Festival Orchestra ushers in the holiday season with two major December performances that showcase the full breadth of the orchestra's artistic range.

Under the direction of Maestro David Wroe, NJFO welcomes audiences to celebrate the magic of the season with Return of the 3 Holiday Tenors on December 6 and 7, followed by the orchestra's signature New Year's celebration, Broadway Through the Ages, on December 31 and January 1.

Return of the 3 Holiday Tenors features award-winning vocalists John Kun Park, Luke Norvell, and Michael DeShield, each bringing a distinct artistic profile to this beloved NJFO tradition. Park, praised for his "radiant lyricism," has appeared with major opera houses across the country. Norvell, known for his "effortless charm and ringing tenor," continues to shine as a rising star on both concert and operatic stages. DeShield, celebrated for his powerful presence and versatility, is a frequent soloist with ensembles throughout the Northeast.

The trio joins NJFO for a sparkling program of holiday favorites, classical tenor showpieces, and uplifting choral moments. They are joined by the Holy Trinity Choir of Westfield and Central Avenue Choir of Madison, adding festive warmth and community spirit to this seasonal celebration. Performances take place Saturday, December 6 at The Presbyterian Church in Westfield and Sunday, December 7 at Drew University in Madison.

The festivities continue with Broadway Through the Ages, NJFO's dazzling New Year's tradition performed in Westfield and Basking Ridge. This year's concert brings together a powerhouse lineup of guest artists: Tess Marshall, acclaimed for her magnetic stage presence and vocal brilliance; Lisa Marie Rogali, a versatile performer equally at home in opera and musical theater; and Peter Kendall Clark, praised for his "commanding baritone and dramatic flair." This year's program also features stars from the Dance Theater of Harlem, adding movement, elegance, and theatrical artistry to this musical celebration. Together with NJFO, the ensemble leads audiences on a spirited journey through iconic Broadway classics.

BIG RED TRUCK, BIG LIFE LESSON: FIRE SAFETY DAY AT ROOSEVELT

Rahway Public Schools

The Rahway Fire Department traded their fire axes for teaching aids when they made a special visit to the pre-kindergarten and kindergarten students at Roosevelt Elementary School to deliver an engaging and vital lesson on fire safety and prevention.

The excitement was palpable as a bright red fire truck rolled directly onto the school's playground, instantly captivating the young audience with its imposing size and impressive presence.

Firefighters began their educational session with an interactive presentation, focusing on essential fire prevention tips. They stressed the critical importance of never playing with matches or open flames and educated the children on how to safely respond to a fire emergency. A key takeaway for students was understanding and practicing escape routes and the necessity of having a family fire escape plan at home. The students proved to be attentive listeners, enthusiastically participating and asking insightful questions throughout the demonstration.

Following the safety discussion, the highlight of the visit arrived: an up-close-and-personal tour of the fire truck. The students were amazed by the vehicle's intricate features, as firefighters explained the function of various pieces of equipment used for extinguishing fires and performing rescues.

The Rahway Fire Department's visit was an overwhelming success, ensuring that Roosevelt Elementary's youngest students left the day both thrilled and significantly more informed about fire safety. Roosevelt Elementary School extends its deepest gratitude to the local fire department for their dedicated community service and for taking the time to educate the next generation on this life-saving topic.

CEIARAH FLOWER SERVES ABOARD NAVY WARSHIP

(above) Petty Officer 2nd Class Ceiarah Flowers, a native of Rahway, serves aboard USS Cole, a U.S. Navy warship operating out of Norfolk, Virginia. Flowers graduated from Rahway High School in 2018.

Petty Officer 2nd Class Ceiarah Flowers, a native of Rahway, New Jersey, serves aboard USS Cole, a U.S. Navy warship operating out of Norfolk, Virginia. Flowers graduated from Rahway High School in 2018.

The skills and values needed to succeed in the Navy are similar to those found in Rahway.

"I was a part of Junior ROTC in high school, which I feel instilled a good amount of discipline in me," Flowers said. Flowers joined the Navy five years ago. Today, Flowers serves as a gunner's mate.

This October marks 25 years since the deadly terrorist attack on Cole while the ship was refueling in Yemen. The explosion, carried out by two al-Qaida suicide bombers, killed 17 sailors, wounded 37 more and blew a 40-foot-wide hole in the side of the ship. The crew worked tirelessly for more than 96 hours to free their shipmates trapped by the blast, limit flooding that threatened to sink the ship and address other issues that could have led to catastrophic fires that would have cost the lives of more sailors.

The ship, nicknamed the "Determined Warrior," returned to the fleet in April 2002 after 14 months of repairs and has served on numerous deployments since, including most recently in 2024, spending seven months in the Mediterranean Sea, Red Sea, Gulf of Aden and Arabian Gulf providing deterrence and defense to U.S. allies and partners.

Cole is a Navy destroyer, a multi-mission ship that can operate independently or as part of a larger group of ships at sea. The ship is equipped with Tomahawk missiles, torpedoes, guns and a Phalanx close-in weapons system.

More than 300 sailors serve aboard Cole. Their jobs are highly specialized, requiring both dedication and skill. The jobs range from maintaining engines to handling weaponry, along with a multitude of other assignments that keep the ship mission-ready at all times, according to Navy officials.

With 90% of global commerce traveling by sea and access to the internet relying on the security of undersea fiber optic cables, Navy officials continue to emphasize that the prosperity of the United States is directly linked to recruiting and retaining talented people from across the rich fabric of America.

Flowers has many opportunities to achieve accomplishments during military service.

"My proudest accomplishment in the Navy so far is obtaining my Enlisted Surface Warfare Specialist qualification," Flowers said.

Flowers serves a Navy that operates far forward, around the world and around the clock, promoting the nation's prosperity and security.

"Serving in the Navy means I am making my father and the rest of my family proud every time I put on this uniform," Flowers said.

Flowers is grateful to others for helping make a Navy career possible.

"I want to thank my parents, Tisha Percel and Demetrius Gatlin, who have both supported me in anything and everything I put my mind to," Flowers added.

MISTLETOE – FACTS AND LORE

According to Wyman's Gardening Encyclopedia (Daniel Wyman)* there are two different Mistletoe.

Phoradendron, American Mistletoe is native in the United States. This plant is commonly seen as a parasite high in the trees from New Jersey to Florida. The rubbery leaves and translucent seeds are often used in Christmas decorations.

Viscum, European Mistletoe does not grow in America. This is the mistletoe written about so often in old world literature, viscum is the mistletoe of legend and lore.

Mistletoe is found on every continent except Antarctica.

Mistletoe was known in many different cultures over the centuries. The ancient Greeks and Romans used it for medicinal purposes.

It was the Norse from Scandinavia that gave us the myth that seems to have lasted through the ages.

In Norse mythology, the goddess of beauty Frigg, wife of Odin made almost every living thing in the world take an oath it would not harm her son, Baldr. Mistakenly Frigg had overlooked mistletoe. A trickster named Loki then crafted an arrow made of mistletoe to kill Baldr.

In the legend, after the murder, Frigg was heartbroken. Her tears then turned mistletoe into a symbol of peace and reconciliation. This may be the origin of the kissing tradition.

That tradition of kissing under the mistletoe evolved from many different cultures over centuries including the Celtic Druids.

As Christianity spread throughout Europe many churches banned mistletoe from all religious practice because of its association with paganism. In America Puritans' tried to ban all Christmas celebrations. They believed it was a somber day that should be spent in church praying.

Kissing under the mistletoe reached its peak in the Victorian era and ended with the death of Queen Victoria in January 1901.

(above) Mistletoe was sacred to the Druids who harvested it with a golden sickle and wrapped it in white cloth so it would not touch the ground.

During this time it was bad luck for a woman standing under mistletoe to refuse a kiss from a man. Each time a couple kissed they would pick a berry off the cluster. When all the berries were gone, the plant lost its magic and the game was over.

Many holiday traditions practiced today can be traced to the superstitions and folklore of ancient people and cultures. Knowing these add to the spirit of the holiday season.

Note: Mistletoe is toxic. Especially the berries.

Holiday Best Wishes,

James
